for Your Flexible Spending Accounts

Transitioning from MyChoice Accounts to HSA Bank

We are making it easier than ever to manage your Flexible Spending Accounts (FSAs), with improved claims processing, a single debit card for all your tax-advantaged accounts, and support and coordination during the transition and beyond.

Watch for your debit card and Welcome Kit from HSA Bank, which will be mailed to your home in December. You'll use the HSA Bank debit card for all HSA Bank accounts you enroll in, including a Health Savings Account, Health Care or Limited Purpose Health Care Flexible Spending Account (FSA), Dependent Care FSA, and Commuter Benefits. HSA Bank will make sure the charge is deducted from the correct balance.

If you don't receive your debit card or to request additional cards for yourself or your dependents, call the HSA Bank **Client Assistance Center** at **1-833-506-3611**. Representatives are available 24 hours per day, seven days per week. If your card is lost or stolen, you can also call this number to request a replacement.

Note: Additional cards are available at no cost. If you request a card for an eligible dependent, their name will be on the card.

The following information focuses on the transition from MyChoice Accounts to HSA Bank. For details about how these accounts work and contribution limits for 2026, refer to your 2026 Annual Enrollment Guide, posted on [Benefits4MeInfo.com](https://www.benefits4me.com/2026-annual-enrollment-guide).
